

## CARE COORDINATION

### What we do.

Through the NYS Health Homes program, Liberty Resources provides care coordination services for adults, children and families. We make sure that everyone involved in your care or your child's care is working together, and sharing information to support your whole health.

### Our Supports.

- Scheduling doctor appointments
- Help with arranging transportation
- Medication management
- Access to specialists & providers
- Referrals to community resources
- Engaging your support system
- Connecting with educational supports

## LIBERTY RESOURCES

*Here to help you live your best life possible.*

Liberty Resources was founded on two ideals - everyone deserves to live their best possible life as they define it and to be treated with dignity. We bring together behavioral health care, medical care, and social services to support and guide individuals through their whole health journey.
